

**Special Regulations for the Europe Trip of the exchange students  
of the Rotary District 1890 / 1880**

**Rules/ "Early Returns"**

-every participant of a Rotary Trip for exchange students can help with his/her behavior, especially with punctuality and observance of the instructions of the supervisors, to create a good experience and good connections.

-if there are delays or other complications during the trips you have to call the supervisors immediately with your mobile or in other proper ways.

-if an inbound misses the continuation of the travel because he/she isn't on the settled spot in time, he or she has to continue the trip to the next city on his/her own and on their own costs. Long waiting times are not appropriate, because of the high number of participants and the problems that could arise because of the driving and rest periods of our bus driver.

-a longer, unauthorized and not coordinated absence of the group for any reason can lead to exclusion from the rest of the trip.

-if an Inbound possesses or consumes drugs, the Inbound will be sent home to his guest parents and we will inform your Rotary Club in Germany and in your home country. The complete exchange will be cancelled.

-the considerable or repeated consumption of alcohol without the permission of a supervisor will lead to an earlier ending of the Europe travel too.

-If an inbound takes medication and/or psychotropic drug regularly and on medical prescription, they must be indicated when registering for this trip. In case of late entry of the prescription or the reasons, you have to inform us at the latest 4 weeks before departure to [reisen@rye1890.org](mailto:reisen@rye1890.org)

-a wrong or missing information about medication about medication or psychotropic drugs can also lead to an early ending of the trip.

-if the inbound has to be sent home earlier, because of the reasons above or other personal reasons, he/she has to take charge of the costs for the trip home for himself/herself and a companion.

-in the accommodations, it is not allowed to stay in other rooms than your own room during the bed rest. In addition, you have to follow the rules that are set in the hotels/hostels.

-the participation in the group program is obligatory. Exceptions have to be allowed by the supervisors. There is enough free time for the participants of the travel in the destinations we will travel to.

-if an inbound needs special support during the trip, for example because of physical disabilities, you have to inform us before. You can do it with this registration or until 4 weeks before the travel begins to [reisen@rye1890.org](mailto:reisen@rye1890.org)

We read the regulations and agree with it.
